

LONE MEN MYSTERY TOURs

KAOKOLAND, NAMIBIA

Map of pre-independence Namibia showing ethnic Bantustans/homelands, with Kaokoland as the homeland of the Himba people in the north-west.

Zoomed-in \Rightarrow
Kaokoland map showing main landmarks of Opuwo, Sesfontein, Puros, Orupembe, Van Zyl's Pass, Marienfluss valley, Red Drum, and the Skeleton Coast National Park boundary.

Besides nature's spectacular artwork of vast dramatic landscapes of red desert sands, dry white pans and mysterious fairy circles of Marienfluss and Hartmann valleys, rocky hills of Hartmannberge and Otjihipa mountain with its infamous Van Zyl Pass, the beautiful Kunene river with crocodiles hunting zebras, the amazing desert-adapted wildlife, and the exotic semi-nomadic Himba people in Kaokoland, one of the most amazing and beautiful addition that emerged in the recent years is the human artwork of "Lone Men" or the stone men of Kaokoland. Still a mystery to be completely resolved about the actual artist of these amazing stone sculptures and the actual number of these beautiful pieces of art scattered around the huge Kaokoveld of approx 45000 sq km, the size of Switzerland indeed! And apparently, these mysterious stone men sometimes move around and change their locations, wandering around the vast Kaokoland as **Lone Men!**

Lone Men Mystery Tour is our signature tour. While looking for these mysterious Lone Men, we explore the vast and beautiful wilderness of Kaokoland, coming across the amazing desert-adapted wildlife and respectfully interacting with Himba tribe. Treat yourself to a one-of-a-kind wilderness adventure you'll never forget. Contact us to make sure that you don't miss out on this experience of a lifetime.

It's a guided self-drive tour and ideally suitable for a private / family / small group. It can also be customised to combine with other tours to Skeleton Coast, Damaraland or Etosha NP.

This offer is covered by the STO Garant guarantee. You can find the conditions for this guarantee scheme on STO Garant's website (www.sto-garant.nl/en/downloads).
